6. Please look at the picture given below (it's will helpful for installing & settings):
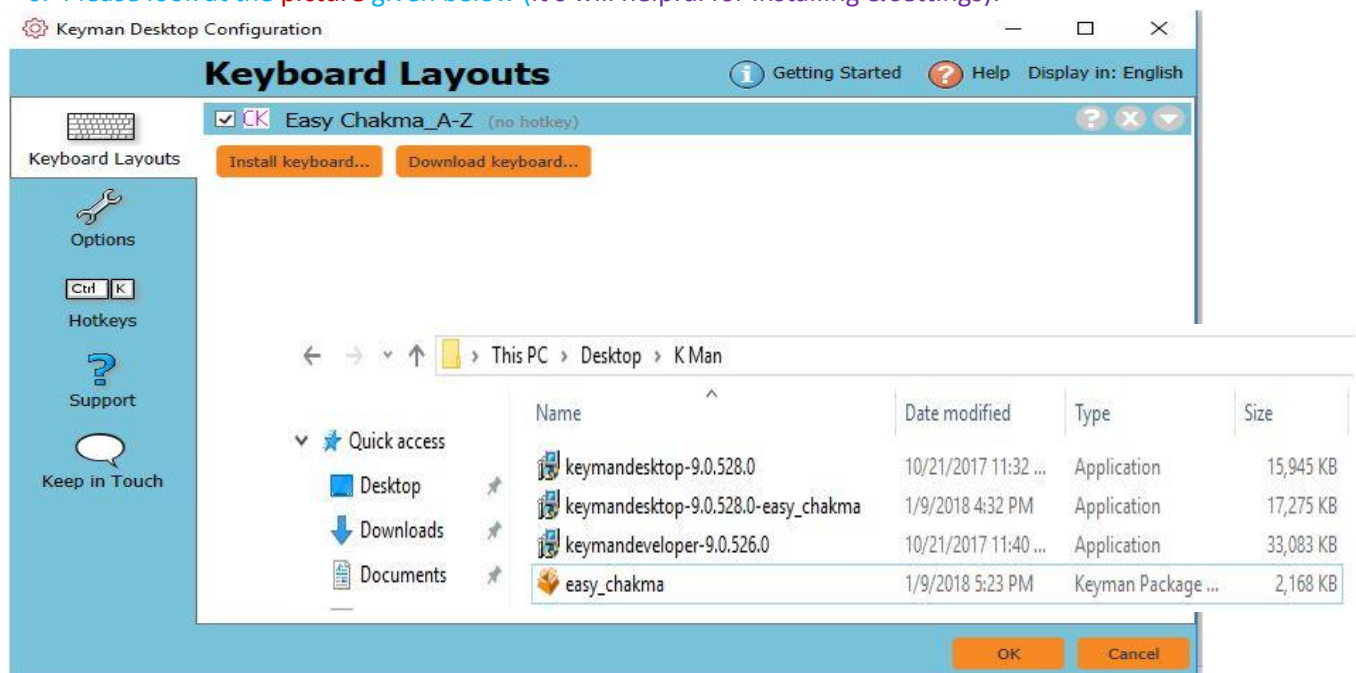

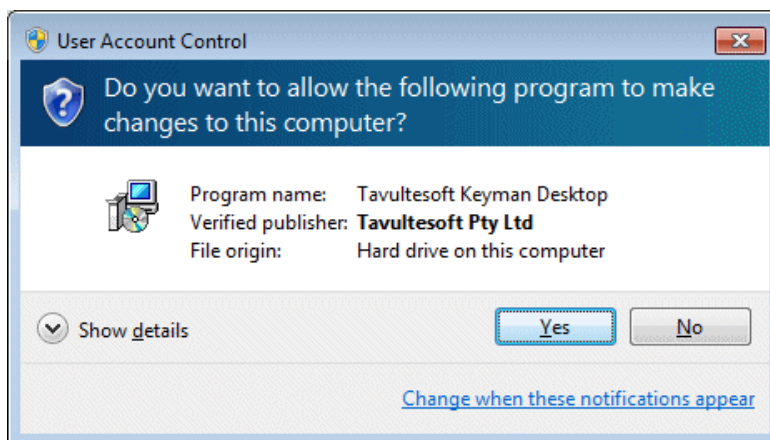

Download and Install Keyman Desktop

Downloading Keyman Desktop

You can download Keyman Desktop with a keyboard for your language from the Keyman Website.

Installing Keyman Desktop

After you download Keyman Desktop 9, to install the program:

1. Find the Keyman Desktop executable file on your computer. The name of the file begins with 'keymandesktop-9' and ends with '.exe'.
2. Double-click the file to begin installation.
3. You will be asked to allow the installer to access your system. Click Yes to continue.

4. Once you have read and agree to the license terms, click Install Keyman Desktop to continue.
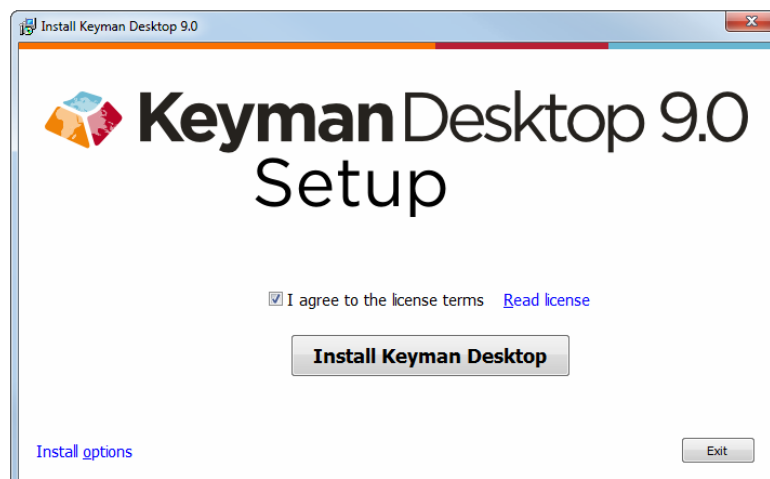

Note

You can select advanced installation options from the Install Options link.

5. At the end of the installation, click Start Keyman Desktop to begin using Keyman or click Take the tour for the Getting Started tutorial.

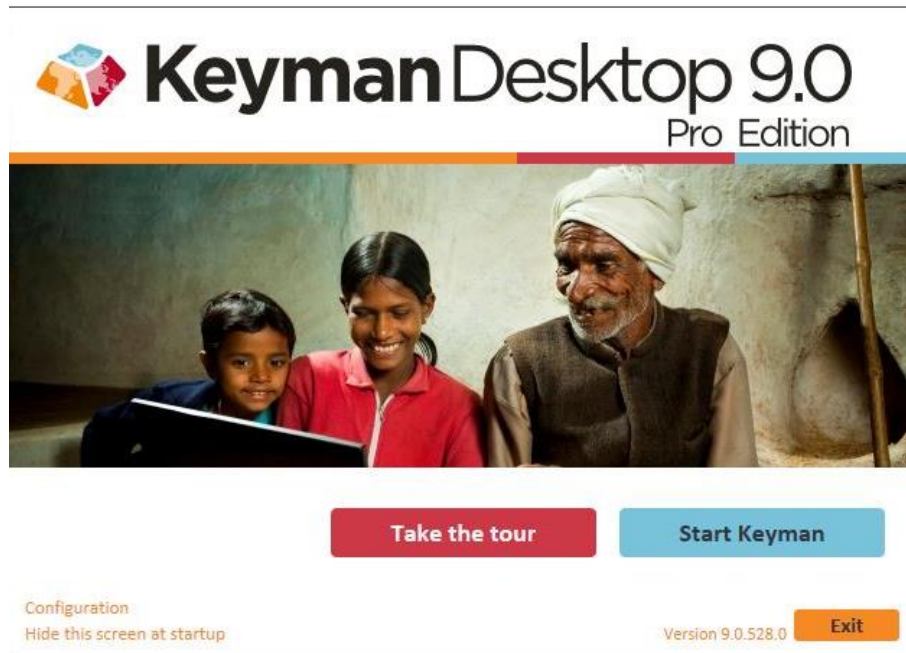

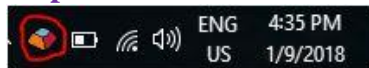

When you finish your installation of Keyman, you can delete or move the installation's executable file. It doesn't need to remain on your computer for Keyman Desktop to work.

Step 1

Check the Windows Taskbar near the clock to see if Keyman Desktop is running. If it is running you will see the Keyman Desktop icon:

Step 2
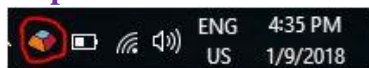

If the Keyman Desktop icon is in the Windows Taskbar near the clock, continue on to .

If the Keyman Desktop icon is not on the Windows Taskbar near the clock, click the arrow or triangle next to the clock:

- You will see a collection of icons. If the Keyman Desktop icon) is not in this collection, Keyman Desktop is not running. Read steps 3 and 4 to learn how to start Keyman Desktop.
- If the Keyman Desktop icon is in this collection, you should move it permanently to the Windows Taskbar. Here's how:
  - On Windows 7:
    1. Open the Windows Start menu.
    2. In the search field, type and enter: Notification Area Icons

3. From the dropdown menu beside Tavultesoft Keyman Engine, select 'Show icon and notifications'.
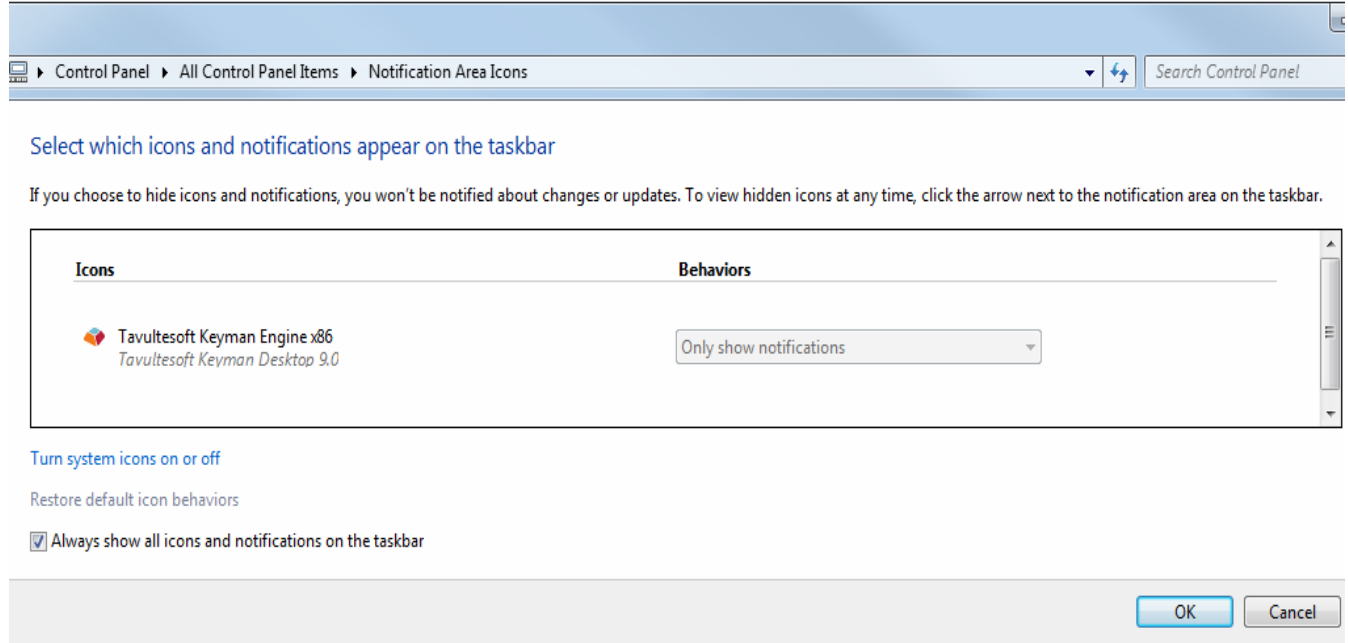

4. Click OK to apply changes. The Keyman Desktop icon will now always appear in the Windows Taskbar near the clock, if Keyman Desktop is on.
5. Continue on to Step 5 of this guide.
   o On Windows 8 and above:
      1. Right-click on the Windows Taskbar.
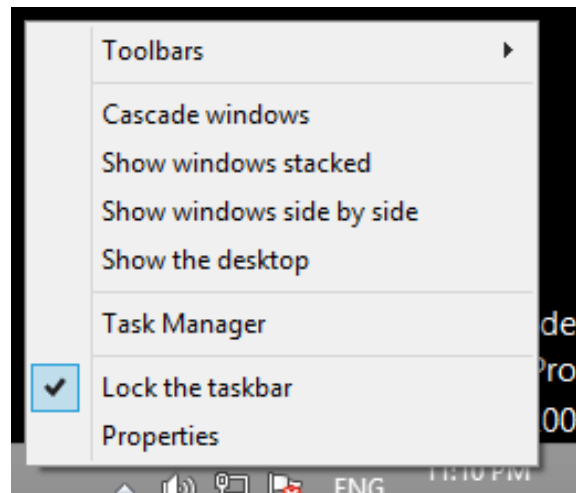

2. Select 'Properties'.
3. Next to 'Notification area', click Customize….
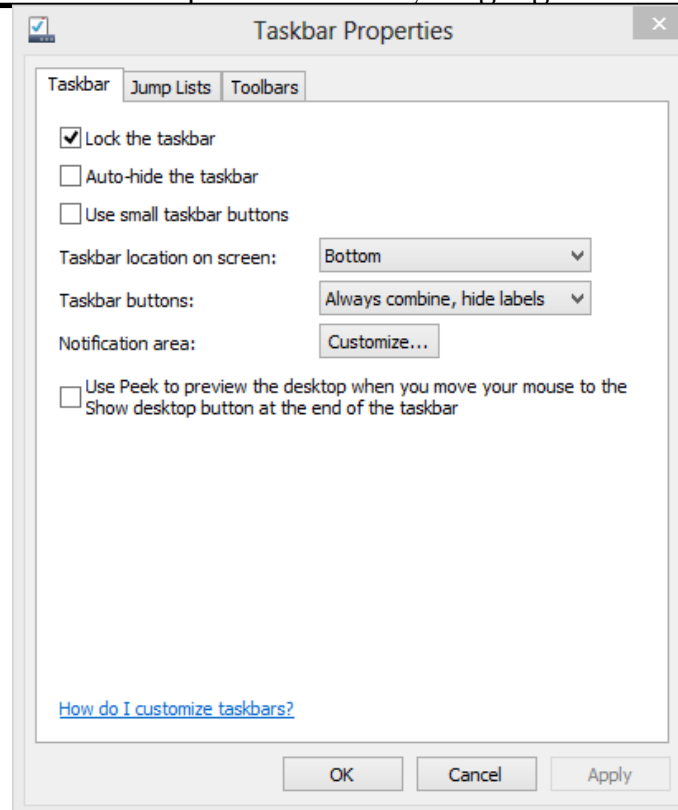

4. From the dropdown menu beside Tavultesoft Keyman Engine, select 'Show icon and notifications'.
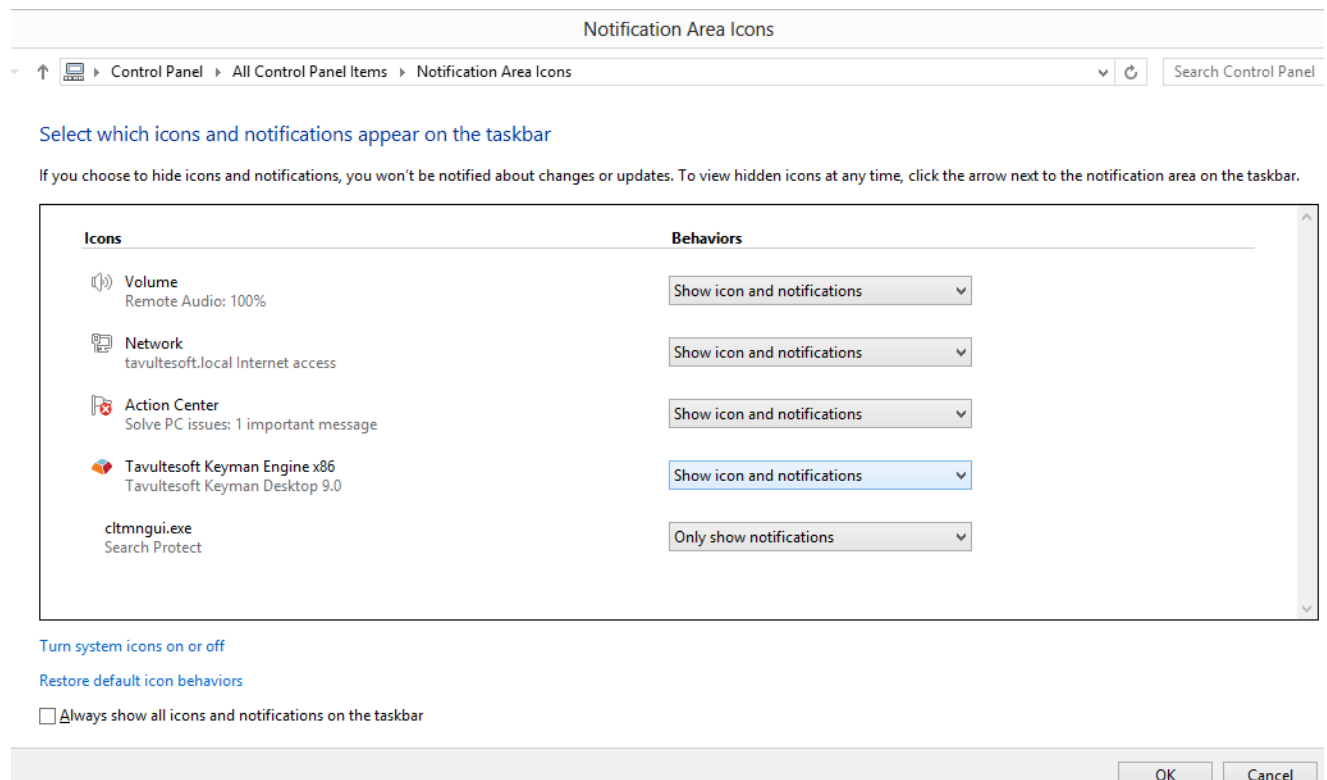

5. Click OK to apply changes. The Keyman Desktop icon will now always appear in the Windows Taskbar near the clock, if Keyman Desktop is on.
6. Continue on to Step 5 of this guide.

Step 3

To Start Keyman Desktop, click on the Windows Start Menu, select All Programs, and select Keyman Desktop.

Step 4
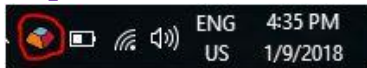

Keyman Desktop will now be running and the Keyman Desktop icon will be on the Windows Taskbar near the clock.

Step 5

Open a typing application, like Microsoft Word.

Step 6
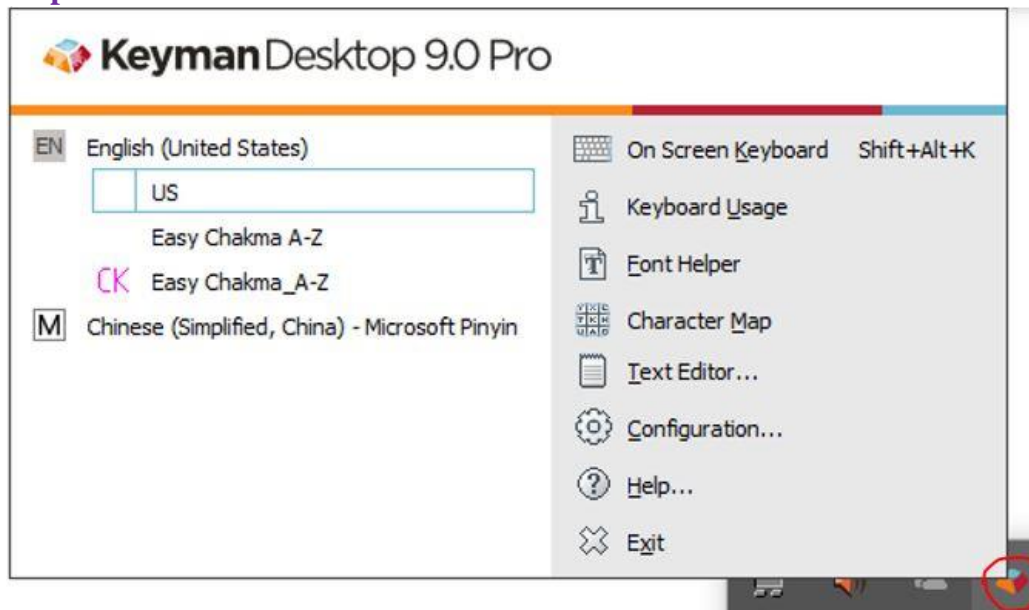

Select a Keyman keyboard from the Keyman menu. You will notice the Keyman menu icon change to the icon of your Keyman keyboard. This means your Keyman keyboard is on.

> **Tip**
>
> If there are no Keyman keyboards in the Keyman menu, you can learn how to install one here: How To - Download and Install a Keyman Keyboard

Step 7
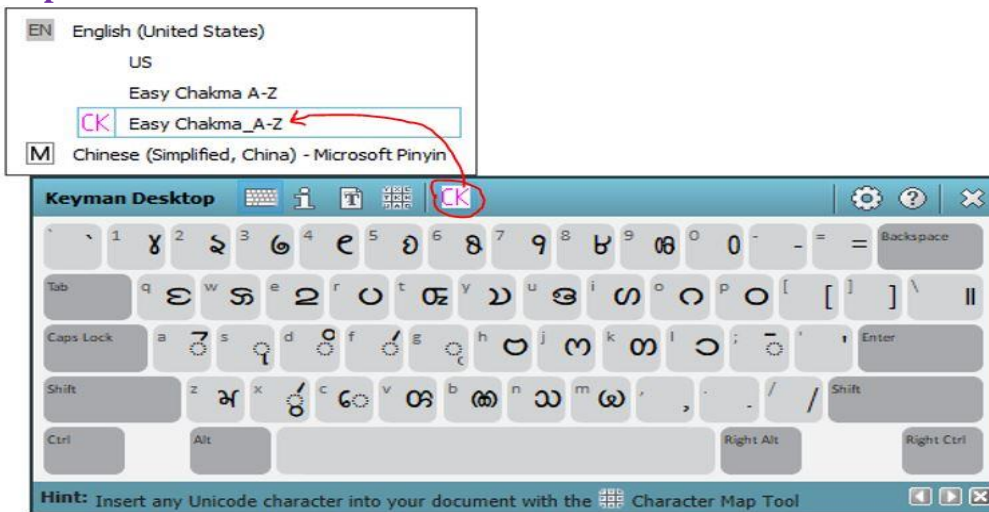

To learn how to type with your new Keyman keyboard (**Chakma Easy Keyboard**), open the On Screen Keyboard tool of the Keyman Toolbox. You can open the On Screen Keyboard tool from the On Screen Keyboard link in the Keyman menu.

Tip

Some Keyman keyboards do not include an On Screen Keyboard. You can usually find help for these keyboards from the Keyboard Usage tool of the Keyman Toolbox. You can open the Keyboard Usage tool from the Keyboard Usage link in the Keyman menu.

Step 8

You can now start typing in your language in almost any application. Use your hardware keyboard or click the On Screen Keyboard keys to type.

Step 9

To return to using your normal keyboard, open the Keyman menu and click 'Switch Keyman Desktop Off'.
